## FULL AUTOMATIC WEIGHT DRUM FILLER

### PAWDF

- Latest weight-based filling design with high productivity, precision, and automation, ideal for food, pharmaceuticals, cosmetics, and chemicals.
- PLC and touch screen control for easy adjustments.
- Each filling head has an independent weighing and feedback system for micro-adjustments.
- International brand electrical components ensure reliability; no bottle, no filling, with automatic alarms.
- Meets GMP standards, with easy disassembly, cleaning, and maintenance. Made of high-quality stainless steel, ensuring safety, hygiene, and adaptability.

CODE	PAWDF
NAME	Full-automatic Weight Filler
NUMBER OF FILLING HEADS	1 - 6
SUITABLE BOTTLE	height: 60mm-230mm diameter: $\Phi$ 40mm- $\Phi$ 100mm
MOUTH DIAMETER	$\geq \Phi$ 30mm
SUITABLE RANGE	1000g to 15000g
PRODUCTION CAPACITY	800 bottles/hours
FILLING MATERIAL	no hard granule within the sauce
FILLING ERROR	$\pm$ 15ml
VOLTAGE	AC220V (three phase) ; 50Hz
POWER OF HOST MACHINE	1kw
PNEUMATIC AIR SOURCE	0.6MPa
OUTLINE DIMENSIONS	2000mmL $\times$ 1100mmW $\times$ 1900mmH
WEIGHT	460KG
DESCRIPTION	This automatic filling machine handles 1000g to 15000g liquid weights, featuring PLC and touch screen controls for easy adjustment. With high precision, independent head calibration, and GMP compliance, it's ideal for food, pharmaceuticals, cosmetics, chemicals, and pesticides.
